

The Missionary's Clean Water Conundrum

VIRTUAL escape room

Items Needed

<https://sites.google.com/view/Missionarycleanwaterbreakout>

Video <https://youtu.be/P5mbVVDDD74>

Setup Instructions: (note options at the end to make the set more realistic)

1. Make player materials available. (You can post online or email) These include diary/medical log, letter on yellow legal pad , graphics of "doses", the Dr. Zaul scripture graphics, map of Haiti (chose between the two. One increases the difficulty because it has more locations to sort through) and graphic of maritime signal chart.
2. Have available teacher/leader directions and answer keys.
3. Introduce the scenario to the players. You may play the video, tell players to access it online at the Google Site or have them read the Story on the Google site.
4. Start the timer set to a minimum of 45 minutes to a maximum of 60 minutes. You may want to use an online timer and project it so players can track the time. I use timers at <https://www.online-stopwatch.com/classroom-timers/>
5. After allotted time (or sooner if players break in sooner) use reflection questions.
